Open your eyes, look within. Are you satisfied with the life you're living? - This is something one should always ask himself. Today is the time we seize the day and we must be willing to let go of the life we have planned, so as to have the life that is waiting for us. A quote which really struck me, I went to the woods because I wanted to live deliberately; I wanted to live deep and suck out all the marrow of life! To put to rout all that was not life; And not when I came to die, discover that I had not lived. - Henry David Thoreau

Also i sincerely apologize to anyone who's still reading this caption for wasting their precious time.
